MEETING YOUR ONLINE REQUIREMENTS & EXPECTATIONS

Roberts Printing can create branded storefronts which allow your authorized users to order company approved print materials online. This method ensures branding guidelines are strictly adhered to by using predefined templates which allows the ability to version products, makes product updates much easier without jeopardizing your brand.

Imagine having all your marketing collateral online available to customize 24/7. This allows for materials to be ordered by those who need it, when they need it, without carrying

a large inventory or stocking materials which may be out of date. You **SAVE** inventory costs, waste and protect the environment all at the same time.

Our storefronts support multiple payment methods (credit card, cost centers, and purchase orders). Automated reporting makes accounting processes organized and efficient. Administrators can get reports in real time, so you know who is ordering, what is being ordered, and how much is being ordered at any time.

You will see tremendous benefits by implementing our Online Solutions. These include:

- Your marketing team is overwhelmed by marketing collateral requests
- Internal and external marketing collateral requests are taking weeks to fulfill
- You have outdated marketing material
- Your partners are constantly voicing their needs for personalized marketing materials
- Costs for internal/external personalizations are too expensive
- The approval process is complex and troublesome
- Worldwide support is an ongoing challenge
